Background Screening Services

Employers lose billions of dollars every year due to violence, theft, high turnover and negligent hiring lawsuits. Wackenhut's Research Services employ state-of-the-art technology to provide organizations with in-depth, reliable reports and records to help them make knowledgeable business decisions to minimize or eliminate these problems.

Ethics and Compliance Services

Wackenhut's reporting services provide corporations with important communication tools to ensure legal compliance and to reduce their risk and liability while giving their employees an outlet to voice their concerns.

- ViCommSM Services
 - Safe2SaySM Compliance Hotline
 - Anything2SaySM Exit Interviews
 - Incident Reporting
- Creative and Design Services

Risk Assessments

Using highly credentialed and experienced personnel, Wackenhut is able to perform a variety of assessments of critical infrastructure. Our consultants provide assistance in identifying threats and vulnerabilities, risk mitigation strategies, safeguard recommendations and return on investment options.

- Risk Assessment
- Program Measurements
- Technology Evaluation and Application
- Security System Design
- Master Planning

Complex Corporate Investigations

Wackenhut offers a full line of corporate investigation services through a combination of proprietary consultants or one of our strategic alliance partners to provide the most effective service possible. Wackenhut, in conjunction with Business Controls, Inc and Confidential Business Resources, delivers practical solutions to issues including theft, fraud, sexual harassment and a variety of other workplace and employee related concerns.

- Fraud Detection and Investigations
- Financial Investigations
- Due Diligence
- Surveillance and Undercover Services

Protection Services

Violence is on the rise not only abroad, but also in domestic work environments, and corporations have an obligation to protect their employees. Wackenhut professionals in combination with strategic alliance partners, Business Controls Inc. and Secure Source Inc., provide advice, support and protection for executives and employees who may face potential threats.

- Workplace Violence Prevention and Training
- Personal Protection
- Travel Security Consulting

Network and Computer System Security

Wackenhut provides corporations with a wide range of network and computer security services through strategic alliance partner, Guarded Networks. Around-the-clock security monitoring capabilities help organizations reduce risk exposures created by integrating corporate networks with those of business partners and the Internet.

- IT Security
- Computer Forensics
- Data Recovery

Crisis Management and Response Services

Wackenhut provides an array of crisis management and response services. These global 24/7 services offer customers the benefit of a seamless integration of advice from experts and leading representatives of law enforcement, forensic psychology, intelligence, and high-technology fields.

- Risk Evaluation
- Crisis Planning and Training
- Disaster Prevention and Business Continuity
- Evacuation and Incident Response
- Product Tampering

Brand Integrity Protection

Wackenhut helps leading corporations remain competitive in today's economy by combating violations and infringements on their brands. Our brand protection services will help assess your business risks and implement solutions to prevent losses and ensure the quality and value of your brand.

- Strategic Risk Assessment of Product Cycle
- Investigative Consulting
- Trademark Infringement Investigations
- Internet Monitoring
